
TO ALL OMC 2.3L MANIFOLD (HGE6041) CUSTOMERS

Date: 2 November, 2011

It is our pleasure to update the progress of the above manifold. The new casting facility was completed in the last couple of months and we should receive some samples by the end of November 2011 barring any unexpected circumstances.

Once the samples are approved (ETA Dec. 2011), we will immediately have a pilot production run (50 – 100 pieces). Subsequently this approved limited quality of manifold will be made available for purchasing. Then mass production will start in March 2012.

We thank you for your patience, and in the time being we would like to offer you an early bird **11% discount** from the listed price \$675.00 to \$600.00. This valued manifold will come with the mounting kits and gasket (see attached photo). A 10% deposit (\$60.00) will secure your pre-order. Please contact our sales representative at Tel: +1-604-291-9888 or email sales@hgemarine.com to place your pre-order.

Again we sincerely appreciate your patience.
